Hi Alan--

See my revisions to the CZARA section attached. Where possible, I kept to some of the TPs we've already developed for the Hill briefings and rollout of our proposed decision since that language has already been well-vetted.

Jenny and Allison,

I added language to the "talking points" document under CZARA (still more for me to do here) and in response to the BOF's question about how the riparian rule relates to the CZARA decision. Feedback on the latter would be good.

Have a great weekend.

Alan
